

- **Vehicle Registration Holds & Lifts**

If you have any outstanding fines payable to the court, there will be a hold on your ability to register a motor vehicle in Iowa. This includes all criminal and driving-related fines. The hold will remain in place until all fines are paid in full.

However, if you are current on a satisfactory pay plan with the County Attorney we can grant a temporary ten (10) day lift of the hold to allow you to register your vehicle.

Contact us with your current residing address, mailing address and phone number. If we agree that you are current on your plan we will notify your County Treasurer to lift the hold.
